

A Rally for Fiscal Responsibility!

Why should I come?

The federal government is expanding at the fastest rate in the history of America, and the new administration is making it far worse. **Your** tax dollars are being spent to bail out irresponsible companies, banks and homeowners. Debt is being accumulated in **your name** to fund wasteful government that a free people do not want or need.

The current direction is not in the interests of taxpayers, is unsustainable and must be reversed. We must let elected officials know that if they continue these wasteful policies, we will vote them out of office.

Stand with your fellow citizens of Southern Indiana to protest “stimulus”, excess government, and pork in Congress.

Who?

We are citizens who are concerned about our country’s future and decided we could no longer be silent. We are not affiliated with any political party.

If you are of the same mind, come join us

When and Where?

Wednesday April 15, 2009 – 5-7 PM
Showers Plaza
320 W 8th Street Bloomington, Indiana

How do I participate?
